

PATRON

The field of Medicine & science and social commitments walk hand in hand. In order to fulfill the dream of creating such committed doctors, MAEER'S MIT Pune, established, Maharashtra Institute of Medical Education & Research (MIMER) Medical College in the year 1995 at Talegaon Dabhade, near Pune, India. The institute is affiliated to MUHS, Nashik, and recognized by Medical Council of India. The College has intake capacity of 150 MSBB Students and also Post Graduate Students in various Departments. Benevolent Board of Management, highly experienced teaching faculty, ample clinical material, state of art educational facilities, student friendly atmosphere and in a dyllisic & scenic ambience aptly surmount the Talegaon Dabhade campus of MIMER Medical College. The Institution has been accredited with A Grade by NAAC.

of our beloved
Prof. Dr. Vishwanath D. Karad
Founder, MAEER's MIT, Pune

Dear Doctor,

Promoting 'Value Based Universal Education System' is the core belief of Dr. Vishwanath Karad, the founder president of the MAEER group of Institutions. It is our pleasure to be celebrating the 75 year of our founder president Dr. Vishwanath Karad sir. MIMER Medical College is pleased to invite you all to be a part of this celebration by joining us for our 4th Annual Research Society Conference on 23 & 24 Nov. 2015. The Pre Conference Workshop, free paper session and the conference itself will be an enriching experience for all, and will provide a platform for budding and experienced health professionals.

PRE CONFERENCE WORKSHOP & FREE PAPERS

23rd November 2015
(9.30 am to 1.30 pm)

“Smart BMI First” WORKSHOP Dr. Shirish Patwardhan, Pune

“Considering the fact that almost all diseases begin with a person being either underweight or overweight, BMI is an ideal screening tool. Coupled with waist circumference, sensitivity of BMI as a warning signal increases further.

“Smart BMI First” is the name adopted for universalizing what BMI and its normal range is. An effort is to be made by the concerned person to maintain BMI in the normal range. The prefix ‘smart’ is taken from the Smart City concept of the present Government.

Once BMI becomes a ‘Mindset’, it will make its impact felt. At this point of time, having a Hb level of more than 12 and having a BMI between 18-23 should do the trick. In all my talks and workshops, I make it a point to urge everyone to establish a firm connection with oneself daily, in form of “Smart BMI First.” This serves as a commitment for the whole day to be aware of their actions.

Dr. Shirish Patwardhan
MD.
