

REPORT OF TRAINING PROGRAMME OF VISITING AUSTRALIAN NURSING STUDENTS

Dept. of Community Medicine organized one day training programme of visiting Australian nursing students from Charles Sturt University. The motive of the visit was to understand a Nurse's role in Indian Health Care system.

Eight Nursing students and one faculty member attended the programme on 27.06.2018. The students visited Bhausahab Sardesai School of Nursing, Talegaon, Talegaon General Hospital, Bhausahab Sardesai Talegaon Rural Hospital and Leprosy rehabilitation Centre (Udyogdham).

Dr. S.V.Chincholikar, HOD, Community Medicine gave an insight to the students about "Public Health scenario in India ". Students and faculty gave a very positive feedback regarding this programme.

It was coordinated by Dr. Rupali Bagga, Associate Professor , very effectively, under the guidance of Dr. S.V.Chincholikar , Professor & head, Dept. Of Community Medicine.

Thankyou for your warm welcome reception of the Charles Sturt University students. It was great for students to receive learning on Health Care in India. Meeting the nursing students was really important.

The professional manner you organised the day and your dedication to your field of expertise is valued.

Kind Regards
Brian Burke
