

MIMER MEDICAL COLLEGE, TALEGAON DABHADE
DEPARTMENT OF OBSTETRICS & GYNAECOLOGY

NIRBHAYA KANYA YOJANA

Under the initiative of NIRBHAYA KANYA YOJANA many institutes all over Talegaon had invited our faculty to conduct a health awareness program for girls in their respective institute

- 1) Maval Shikshan Pratishthan's SAVITRIBAI PHULE MAHILA MAHAVIDYALAYA conducted a lecture on HEALTH OF WOMEN to students of Arts and Commerce on 26/02/2019. Their aim was to enlighten their students regarding the women health aspects and how should they take care of their physical and mental health during the normal physiological growth. How should they tackle and face the changes happening in their physical and mental health and this was explained to students by our faculty Dr. Meenakshi Surve, Assistant Professor and Dr. Swati Magare, resident of Psychiatry Department.

Students enjoyed the whole session thoroughly as it was a two way discussion. Students had lots of questions and various examples were quoted by our presenters and the session was made more interactive and interesting.

2) PCET'S NUTAN MAHARASHTRA INSTITUTE OF ENGINEERING AND TECHNOLOGY also conducted a similar awareness programme where Dr. Meenakshi Surve Asst. Professor OBGY along with Dr. Madhura Ashturkar Professor, Community Medicine delivered their respective roles on 05/03/2019. The students were made aware of their health rights in their institute and how can they overcome their physical and mental difficulties.

MIMER Medical College has always been involved in such awareness programmes thus serving the local population of Maval.
